## **INDEPENDENT AUDITOR'S REPORT**

Board of Directors  
Spring Creek Utility District  
Montgomery County, Texas

### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Spring Creek Utility District (the "District") as of and for the year ended April 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of April 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund and Special Revenue Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors  
Spring Creek Utility District

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**SPRING CREEK UTILITY DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED APRIL 30, 2024**

Management's discussion and analysis of Spring Creek Utility District (the "District") financial performance provides an overview of the District's financial activities for the year ended April 30, 2024. Please read it in conjunction with the District's financial statements.

**USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, liabilities, and deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current year. All current year revenues and expenses are included regardless of when cash is received or paid.

**FUND FINANCIAL STATEMENTS**

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has four governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The Special Revenue accounts for financial resources collected and administered by the District for the operations of joint stormwater facilities. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

**SPRING CREEK UTILITY DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED APRIL 30, 2024**

**FUND FINANCIAL STATEMENTS (Continued)**

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

**NOTES TO THE FINANCIAL STATEMENTS**

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

**OTHER INFORMATION**

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other information. A budgetary comparison schedule is included as RSI for the General Fund and Special Revenue Fund.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities by \$33,393,684 as of April 30, 2024.

A portion of the District's net position reflects its net investment in capital assets (water and wastewater facilities, less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide water, wastewater and drainage services.

The following is a comparative analysis of government-wide changes in net position:

**SPRING CREEK UTILITY DISTRICT

**SPRING CREEK UTILITY DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED APRIL 30, 2024**

**FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS**

The District's combined fund balances as of April 30, 2024, were \$26,913,924, a decrease of \$908,968 from the prior year.

The General Fund fund balance decreased by \$2,315,408, primarily due to operating and capital expenditures exceeding service and tax revenues.

The Debt Service Fund fund balance increased by \$1,284,709, primarily due to the structure of the District's debt service requirements.

The Capital Projects Fund fund balance decreased by \$121,731, primarily due to investment revenues.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

The Board of Directors amended the respective General Fund and Special Revenue Fund budgets. For the General Fund, actual revenues were \$283,554 more than budgeted. Actual expenditures were \$604,448 less than budgeted. This resulted in a positive budget variance of \$888,002. See the budget to actual comparison on page 35 for further information.

**CAPITAL ASSETS**

Capital assets as of April 30, 2024, total \$62,508,370 (net of accumulated depreciation). These capital assets include land, as well as the water, wastewater and drainage systems.

Capital Assets At Year-End, Net of Accumulated Depreciation			
	2024	2023	Change Positive (Negative)
Capital Assets Not Being Depreciated:			
Land and Land Improvements	\$ 8,249,271	\$ 8,249,271	\$
Construction in Progress	5,384,499	1,372,784	4,011,715
Capital Assets, Net of Accumulated Depreciation:			
Park Improvements	573,144	594,754	(21,610)
Water System	13,391,582	14,101,402	(709,820)
Wastewater System	19,351,571	20,211,761	(860,190)
Drainage System	15,558,303	16,041,995	(483,692)
Total Net Capital Assets	<u>\$ 62,508,370</u>	<u>\$ 60,571,967</u>	<u>\$ 1,936,403</u>

**SPRING CREEK UTILITY DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED APRIL 30, 2024**

**LONG-TERM DEBT ACTIVITY**

At the end of the current year, the District had total bond debt payable of \$55,400,000. The changes in the debt position of the District during the year ended April 30, 2024, are summarized as follows:

Bond Debt Payable, May 1, 2023	\$ 58,050,000
Less: Bond Principal Paid	<u>2,650,000</u>
Bond Debt Payable, April 30, 2024	<u><u>\$ 55,400,000</u></u>

The District's Series 2014 Refunding bonds carry an underlying rating of "A+" from Moody's. The rest of the District's bonds carry an underlying rating of "A2" from Moody's. The Series 2014 Refunding, Series 2016 Refunding, Series 2017, Series 2018 and Series 2021A Refunding bonds carry an insured rating of "AA" from S&P Global Ratings by virtue of bond insurance issued by Build America Mutual Assurance Company. The Series 2015, Series 2017A Refunding, Series 2019 Refunding and Series 2021 bonds carry an insured rating of "AA" from S&P Global Ratings by virtue of bond insurance by Assured Guaranty Inc.

**CONTACTING THE DISTRICT'S MANAGEMENT**

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Spring Creek Utility District, c/o Roach & Associates, PLLC, 2001 Timberloch Place, Suite 500, The Woodlands, TX 77380.

**SPRING CREEK UTILITY DISTRICT**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**APRIL 30, 2024**

Total Fund Balances - Governmental Funds	\$ 26,913,924
--	---------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Interest paid in advance as part of a refunding bond sale is recorded as a deferred outflow in the governmental activities and systematically charged to interest expense over the remaining life of the old debt or the life of the new debt, whichever is shorter.	743,921
--	---------

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds.	62,508,370
--	------------

Deferred inflows of resources related to property tax revenues and penalty and interest receivable on delinquent taxes for the 2023 and prior tax levies became part of recognized revenue in the governmental activities of the District.	245,439
--	---------

Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year end consist of:

Due to Developer	\$ (1,210,259)	
Accrued Interest Payable	(132,085)	
Bonds Payable	<u>(55,675,626)</u>	<u>(57,017,970)</u>
Total Net Position - Governmental Activities		<u>\$ 33,393,684</u>

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 1. CREATION OF DISTRICT**

Spring Creek Utility District (the “District”) was created by House Bill No. 1758 (62<sup>nd</sup> Texas Legislature, 1971). The District is subject to continuing supervision of the Texas Commission on Environmental Quality (the “Commission”). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered, among other things, to purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water; the collection, transportation, and treatment of wastewater; and the control and diversion of storm water. The District may also provide solid waste disposal and collection services. The District is also empowered to establish, operate, and maintain fire-fighting facilities, independently or with one or more conservation and reclamation districts after approval from the voters of the District. The District is authorized by statute to develop and finance parks and recreational facilities. Additionally, the District may develop and finance roads, subject to certain limitations and the granting of road powers by the Commission.

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 2.      SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Financial Statement Presentation (Continued)

The GASB Codification set forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, i.e. the economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 2.      SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has four governmental funds and considers each to be a major fund.

General Fund - To account for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures.

Special Revenue Fund - To account for financial activities of the joint stormwater facilities.

Debt Service Fund - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 2.      SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Basis of Accounting (Continued)

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of April 30, 2024, the Special Revenue Fund owed \$198 to the General Fund for the overpayment of operating costs, \$6,112 to the Debt Service Fund for an excess reimbursement of bond issuance costs and the Debt Service Fund owed the General Fund \$12,755 for maintenance tax collections.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	<u>Years</u>
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
Park Improvements	10-40

Budgeting

An annual unappropriated budget is adopted for the General Fund and Special Revenue Fund by the District's Board of Directors. The budgets are prepared using the same method of accounting as for financial reporting. The respective budgets for the current year were amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund and Special Revenue Fund presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 2.      SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are considered to be wages subject to federal income tax withholding for payroll purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

*Nonspendable:* amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

*Restricted:* amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

*Committed:* amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

*Assigned:* amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

*Unassigned:* all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 2.      SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

		Amount Due Within One Year		\$ 2,700,000
		Amount Due After One Year		52,975,626
		Bonds Payable, Net		<u>\$ 55,675,626</u>

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 3. LONG-TERM DEBT (Continued)**

As of April 30, 2024, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	Interest	Total
2025	\$ 2,700,000	\$ 1,550,177	\$ 4,250,177
2026	2,735,000	1,478,417	4,213,417
2027	2,765,000	1,403,625	4,168,625
2028	2,830,000	1,326,631	4,156,631
2029	2,855,000	1,247,487	4,102,487
2030-2034	15,110,000	4,948,608	20,058,608
2035-2039	17,505,000	2,650,704	20,155,704
2040-2044	8,500,000	630,127	9,130,127
2045	400,000	4,000	404,000
	<u>\$ 55,400,000</u>	<u>\$ 15,239,776</u>	<u>\$ 70,639,776</u>

As of April 30, 2024, the District had authorized but unissued tax bonds in the amount of \$138,215,000 and refunding bonds authorized but unissued of \$139,355,692.

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

During the year ended April 30, 2024, the District levied an ad valorem debt service tax rate of \$0.555 per \$100 of assessed valuation, which resulted in a tax levy of \$5,219,249 on the adjusted taxable valuation of \$940,405,241 for the 2023 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

**NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS**

The Bond Orders state that the District is required by the Securities and Exchange Commission to provide continuing disclosure of certain general financial information and operating data to each nationally recognized municipal securities information depository and the state information depository. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 5. DEPOSITS AND INVESTMENTS**

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged.

At fiscal year end, the carrying amount of the District's deposits was \$6,092,118 and the bank balance was \$6,091,704. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at April 30, 2024, as listed below:

	<u>Cash</u>
GENERAL FUND	\$ 5,823,278
SPECIAL REVENUE FUND	10,991
DEBT SERVICE FUND	242,168
CAPITAL PROJECTS FUND	<u>15,681</u>
TOTAL DEPOSITS	<u><u>\$ 6,092,118</u></u>

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 5. DEPOSITS AND INVESTMENTS (Continued)**

Investments (Continued)

the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of TexPool. Federated Investors, Inc. manages the daily operations of TexPool under a contract with the Comptroller. TexPool meets the criteria established in GASB Statement No. 79 and measures all of their portfolio assets at amortized costs. As a result, the District also measures its investments in TexPool at amortize cost for financial reporting purposes.

The District invests in Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS"), an external public funds investment pool that is not SEC-registered. Public Trust Advisors, LLC serves as the pool's administrator and investment advisor. The pool is subject to the general supervision of the Board of Trustees and its Advisory Board. UMB Bank, N.A. serves as custodian for the pool. Investments held by Texas CLASS are priced to market on a weekly basis. The investments are considered to be Level 1 investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from Texas CLASS.

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 5. DEPOSITS AND INVESTMENTS (Continued)**

Investments (Continued)

As of April 30, 2024, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year
<u>GENERAL FUND</u>

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The District manages credit risk by typically investing in certificates of deposit with balances below FDIC coverage. At April 30, 2024, the District's investments in TexPool and Texas CLASS were rated "AAAm" by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District typically manages interest rate risk by investing in certificates of deposit with maturities of less than one year. The District considers the investments in TexPool and Texas CLASS to have a maturity of less than one year due to the fact the share position can usually be redeemed at the discretion of the District, unless there has been a significant change in value.

Restrictions

All cash and investments of the Special Revenue Fund are restricted for the stormwater facilities operations.

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes.

All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

**NOTE 7. MAINTENANCE TAX**

On April 3, 1982, the voters of the District authorized a maintenance tax rate not to exceed \$0.40 per \$100 of assessed valuation. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and sanitary sewer system.

During the year ended April 30, 2024, the District levied an ad valorem maintenance tax rate of \$0.33 per \$100 of assessed valuation, which resulted in a tax levy of \$3,103,337 on the adjusted taxable valuation of \$940,405,241 for the 2023 tax year.

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 8. STORMWATER FACILITIES**

On April 15, 2003, the District entered into a Stormwater Facilities Contract (the “Contract”) with Montgomery County Municipal Utility District No. 88 (“District No. 88”) and Montgomery County Municipal Utility District No. 89 (“District No. 89”) to provide for the construction and operation of certain drainage and detention facilities to serve land within the districts. On April 20, 2020, the Contract was amended. The term of the Contract is for a period of 40 years from the original Contract execution date.

Each participant is responsible for its share of the operating costs of the facilities. Ownership of each participating district’s capacity in the pump station facilities at April 30, 2024, was as follows: District – 27.118%; District No. 88 – 31.248%; District No. 89 – 41.634%. Drainage and detention facilities maintenance costs are allocated based on each participating district’s capacity. As of April 30, 2024, the capacity allocations for drainage and detention facilities were as follows: District – 30.357%; District No. 88 – 26.834%; District No. 89 – 42.809%. Participants are billed a monthly amount which is equal to the actual costs incurred during the prior month.

The District operates the facilities and invoices the participants for their share of operating costs based on the applicable percentages. During the current fiscal year, the District incurred \$50,219 for operating costs and maintained an operating reserve of \$18,060.

Transactions for the current fiscal year are summarized as follows:

	Spring Creek Utility District	Montgomery County Municipal Utility District No. 88	Montgomery County Municipal Utility District No. 89	Total
Due from participants, May 1, 2023	\$ 8,938	\$ 18,275	\$ 25,994	\$ 53,207
Current year billings to Participants	50,219	53,339	74,990	178,548
Current year collections	<u>59,355</u>	<u>54,879</u>	<u>61,268</u>	<u>175,502</u>
Due from participants, April 30, 2024	<u>\$ (198)</u>	<u>\$ 16,735</u>	<u>\$ 39,716</u>	<u>\$ 56,253</u>
Reserve balances at April 30, 2024	<u>\$ 18,060</u>	<u>\$ 9,780</u>	<u>\$ 32,160</u>	<u>\$ 60,000</u>

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 9. WATER SUPPLY CONTRACTS**

On February 25, 2003, as amended August 15, 2008, the District entered into an agreement with District No. 89 for the purpose of sharing the cost of construction and operating the District No. 89 Water Plant Facilities ("Water Plant No. 1"). The contract is for a period of forty years.

District No. 89 is the operator of Water Plant No. 1 and holds title for the benefit of the participants. Construction costs of Water Plant No. 1 are funded by the contribution of funds from each participating district. Water Plant No. 1 issues no debt.

On October 7, 2004, as amended August 15, 2008, September 19, 2011, December 6, 2012, April 5, 2018, and October 4, 2018, the District entered into an agreement with District No. 88 and District No. 89 for the purpose of constructing and operating District No. 89 Water Plant Facilities ("Water Plant No. 2"). The contract is for a period of forty years.

District No. 89 is the operator of Water Plant No. 2 and holds title for the benefit of the participants. Construction costs of Water Plant No. 2 are funded by the contribution of funds from each participating district. Water Plant No. 2 issues no debt.

Monthly operating costs of the joint water facilities are to be shared based on capacity acquired. During the fiscal year ended April 30, 2024, the District recorded \$536,000 for operating expenditures under the terms of the agreement. At April 30, 2024, the District's share of the Plant's operating reserve was \$133,420.

The financial activities of the plants as of August 31, 2023, and for the year then ended are as follows:

Total Assets	\$ 326,112
Total Liabilities	<u>305,960</u>
Total Fund Balance	<u><u>\$ 20,152</u></u>
Total Revenues	\$ 1,733,785
Total Expenditures	<u>1,733,785</u>
Net Change in Fund Balance	\$
Fund Balance - September 1, 2022	<u>20,152</u>
Fund Balance - August 31, 2023	<u><u>\$ 20,152</u></u>

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 10. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

**NOTE 11. UNREIMBURSED COSTS**

The District has entered into certain financing and reimbursement agreements with Developers within the District which provides for the Developers to make payments on behalf of the District for various projects. The District has an obligation to reimburse the Developers for these costs from future bond issues to the extent approved by the Commission. The District has recorded a liability to the Developer of \$1,210,259 for projects as of April 30, 2024. The actual amounts owed, including developer interest, will be calculated at the time debt is issued to reimburse the Developers. The current year activity is as follows:

Due to Developers, beginning of year	\$ 2,912,998
Reimbursements	<u>(1,702,739)</u>
Due to Developers, end of year	<u>\$ 1,210,259</u>

**NOTE 12. STRATEGIC PARTNERSHIP AGREEMENT**

Effective December 19, 2011, the District entered into a Strategic Partnership Agreement with the City of Houston, Texas. The agreement was amended on November 22, 2013, December 10, 2015, and December 14, 2021. The agreement provides that in accordance with Subchapter F of the chapter 43 of the Local Government Code and the Act, the City shall annex a tract of land defined as the “Tract” for limited purposes of applying the City’s Planning, Zoning, Health, and Safety Ordinances within the Tract within the boundaries of the District. The District will continue to develop, to own, and to operate and maintain a water, wastewater, and drainage system in the District.

All taxable property within the District shall not be liable for any present or future debts of the City, and current and future taxes levied by the City shall not be levied on taxable property within the District. Upon the limited-purpose annexation of the Tract, the City’s municipal courts shall have jurisdiction to adjudicate criminal cases filed under the Planning, Zoning, Health and Safety Ordinances and State laws. Provisions of the Regulatory Plan adopted by the City will be applicable to the District and the Tract of land within the District. The District’s assets, liabilities, indebtedness, and obligations will remain the responsibility of the District during the period of this agreement.

**SPRING CREEK UTILITY DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
APRIL 30, 2024**

**NOTE 12. STRATEGIC PARTNERSHIP AGREEMENT (Continued)**

The City shall impose a Sales and Use Tax within the boundaries of the Tract upon limited-purpose annexation of the Tract. The Sales and Use Tax shall be imposed on the receipts from the sale and use at retail of taxable items at the rate of one percent or the rate specified under the future amendments to Chapter 321 of the Tax Code. The City agreed to pay the District an amount equal to one-half of all Sales and Use Tax revenues generated within the boundaries of the Tract. The City agreed to deliver to the District its share of the sales tax receipts within 30 days of the City receiving the funds from the State Comptroller's office.

The City agrees that it will not annex the District for full purposes or commence any action to annex the District for full purpose during the term of this Agreement. The term of this Agreement continues until December 19, 2051. During the current fiscal year, the District recorded sales tax revenue of \$701,699.

**NOTE 13. LONE STAR GROUNDWATER CONSERVATION DISTRICT**

The District is located within the boundaries of the Lone Star Groundwater Conservation District (the "Conservation District"). The Conservation District was created under Article 16, Section 59 of the Texas Constitution by House Bill 1842 (the "Act"), as passed by the 77th Texas Legislature, in 2001. The Act empowers the Conservation District for purposes including the acquisition and provision of surface water and groundwater for residential, commercial, industrial, agricultural, and other uses, the reduction of groundwater withdrawals, the conservation, preservation, protection, recharge, and prevention of waste of groundwater, and of groundwater reservoirs or their subdivisions, and the control of subsidence caused by withdrawal of water from those groundwater reservoirs or their subdivisions. The Conservation District is overseeing that its participants comply with subsidence district pumpage requirements. The District is required to convert its water supply to surface water over a period of time.

A nine-member board of directors governs the Conservation District. The directors serve staggered four-year terms. Each director must qualify to serve as director in the manner provided by Section 49.055 of the Water Code. The Conservation District charges production fees based on the amount of water authorized by permit to be withdrawn from a well. This fee enables the Conservation District to fulfill its purpose and regulatory functions. The current permit fee is \$0.085 per 1,000 gallons of water pumped from each well.

**SPRING CREEK UTILITY DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**APRIL 30, 2024**

**NOTE 14. SAN JACINTO RIVER AUTHORITY**

The District has entered into a Contract for Groundwater Reduction Planning, Alternative Water Supply, and Related Goods and Services with the San Jacinto River Authority (the “Authority”). The Authority operates within the boundaries of the Lone Star Conservation District (“the Conservation District”). See Note 11. The Authority has developed supplies of surface water that, when taken together with groundwater withdrawals to be permitted by the Conservation District, are reasonably believed to be adequate to satisfy the total water demands of Montgomery County. A surface water treatment and transmission system is proposed to be designed, constructed, operated, and maintained by the Authority in order to provide phased treatment, transmission, and delivery of the Authority’s surface water to regulated users for blending with groundwater supplies, so that regulated users may continue to pump groundwater. The Authority will develop a Groundwater Reduction Plan (the “GRP”) for all participants. The Authority charges a fee, currently \$2.99 per 1,000 gallons for groundwater used and \$3.41 per 1,000 gallons for surface water used. This fee enables the Authority to achieve, maintain and implement the GRP. During the current fiscal year, the District recorded expenditures of \$521,543 for groundwater used. The District also paid \$536,000 to District No. 89 for their share of the groundwater used in the joint facilities.

**NOTE 15. USE OF SURPLUS FUNDS**

On May 3, 2024, subsequent to year end, the Commission approved the use of surplus Capital Projects Fund monies in the amount of \$64,879. The surplus funds were use for costs associated with water, wastewater, and drainage facilities to serve Forest Village, Section 11, Forest Village, Section 12, Forest Village, Section 13, clearing and grubbing to serve Forest Village, Sections 12 and 13, Forest Village detention pond, Regal Cinema LGI lift station improvements, Regal Cinema wastewater improvements, and land acquisition costs associated detention pond, water plant, and lift station.
